

## **Now Accepting Applications for: Home Accessibility/Enabling Technology Pilot Project**

Managed by the Statewide Independent Living Council and funded by the Alaska Mental Health Trust Authority and Mat-Su Health Foundation

The Project aims to find out how home accessibility modifications and enabling technologies may impact participants’:

- independence and self-esteem
- satisfaction and quality of life
- activity level and integration in the community
- health and/or safety
- achievement of personal goals

Applicants may choose services from any of the following categories: Home Accessibility, Assistive Technology, Home Telehealth Monitoring, and Medication Management.

We are accepting applications from seniors and adults with disabilities who are Medicaid Waiver recipients from Juneau, Kenai/Soldotna, Homer, Ketchikan, Anchorage, Fairbanks, Wasilla, or Palmer.

Please visit the website for additional eligibility criteria and to apply.
